

National Organization for Working Communities (NOWCommunities)

requires services of

Professional Consultants for developing Training Manuals and giving 3-Day Training Workshops on 1). Basic Constitutional Rights, 2). Basic Social & Economic Rights, and 3). Human Security Issues.

The purpose of this consultancy is to create an understanding among the local activists on their rights as citizens of Karachi and this country. The workshops will enable them to understand governance structures and locate the duty bearers in local authorities with reference to basic social services thereby motivating them to lobby for basic socioeconomic rights and services as well as security in their contexts.
