Concept:

Developing Documentary on the “Struggle of Bushra Arain” بہوا شروع سفر اور ایک

رہنمائی کی مسلسل سفر ایک لیئے کے یافت

As the Chairperson ALHPU, Ms. Bushra Arain is struggling since last 15 -20 years for the rights of LHWS and it is a long journey full of multi-dimension struggle which proved her as a strong woman who is leading a movement for women, her rights, labor rights and equal human rights.

She is a unique symbol of struggle so we the NOW Communities is willing to present her as role model women leader through a comprehensive documentary.

For the purpose we will hire a professional documentary developer who will produce a presentable documentary on her struggle and Journey.

Process:

- Hiring of professional (contract on ToRs)
- Finalizing of script/ story
- Time line
- Idea developed by the organization & developer (finalization)
- Test showcasing
- Review
- Finalization of the task according to ToRs

A National Level's non-profit organization which is working since 2008 is seeking a professional Videographer/Documentary developer (as consultant) who will be responsible to produce a Documentary. He//She will be responsible for concepting, filming and editing innovative, on-brief Documentary. Based on the script and the creative vision approved by the organization, the Videographer develops a shot list and determines any external resources required for the shoot. During the shoot, he or she ensures all desired shots and angles are achieved. Once filming is complete, the Videographer is responsible for creating a final product which is visually stunning and meets the objectives of the Documentary.

- Experience more than 05 years
- Excellent technical skills and a command of all aspects of post-production including, editing, color grading, compositing, screen, retouching, format conversion, encoding, sound production, sound recording, sound sweetening, sound design, compression, mastering and media management
- A broad aesthetic and diverse creative styles and an ability to bring to life a director's or writer's vision
- Demonstrated video camera operation experience with an emphasis on action sports and a proficiency and comfort shooting in mountain environments
- Expert knowledge of Final Cut Pro; Adobe After Effects, Photoshop, and Illustrator etc.
